2651 USA / Mini tool bag

1.6 gal

55 LBS

1.1 LBS

COLOR:

One of the best in the business, this small lifting bag is mostly utilized for lifting small tools during regular workdays. The 2651 can also be used when working at heights because of its discrete size and ability to be fastened to technicians' belts.

- **Dimensions (open):** 6.3 x 15.7 in (Ø x H)
- **Dimensions (closed):** 6.3 x 15.7 in (Ø x H)
- **Lifting height:** 13.8 in
- **Material (main):** D1800*900 PVC flat-coated polyester
- **Material (webbing):** 38 mm polyester
- One lifting strap is included with this useful bag for handling and hoisting.
- It has fastening holes on the front and back to fasten tools to the bag.
- includes a rigid plastic bottom plate inside the bag to distribute weight.
- includes an upright plastic insert to make the bag more stable and upright and to allow for better visibility inside.
- Little pockets for small items are positioned all around the bag in the upright plastic.
- Fold the top section of the bag three times and close the plastic buckle to seal it.
- Premium polyester webbing is used to make the lifting strap.

This model complies to the relevant parts of the following standards:

- EN 1492-1
- ISO 21898
- ASME B30.9
