3982 USA / Medium square lifting bag for heavy lift

COLOR:

3982 is a square shaped tool bag made for heavy content lifting. The bag is suited for heavy wear and is mounted with a hard bottom cover making it tough and durable for most sites and purposes.

- **Dimensions (open):** 23.6 x 13.8 x 29.9 in (L x W x H)
 - **Dimensions (closed):** 23.6 x 13.8 x 29.9 in (L x W x H)
 - **Lifting height:** 33.5 in
 - **Material (main):** D1800*900 PVC flat-coated polyester (dual layer)
 - **Material (bottom):** Polypropylene Log Plastic
 - **Material (webbing):** 50 mm polyester
- When closed correctly, a dual velcro closing mechanism secures the bag from opening while also facilitating easy access.
 - The velcro opening has a small polyester strap positioned in the corner for easier access, even when wearing bulky gloves.
 - To provide stability and the best possible weight distribution, a solid plastic plate is inserted into the bag's bottom.
 - Safety ribbons that go around the circle and dual layer cloth are used to enforce 3982.
 - To make handling the bag easier, tube handles are attached to the sides. The tubes provide protection and traction.
 - A sturdy Polypropylene Log Plastic cover with a hard bottom helps safeguard the bag and prolong its life. If necessary, it is simple to replace the replaceable cover.

This model complies to the relevant parts of the following standards:

- EN 1492-1
- ISO 21898
- ASME B30.9
